**BETH TORAH BENNY ROK CAMPUS;  
WHERE CHILDREN AND TEENS  
EXPERIENCE THE WONDERS OF  
MODERN JUDAISM**

Our early childhood program has been at the forefront of the field of education for over 65 years. Our learning environment includes high quality programming within the framework of a Jewish setting facilitated by nurturing and qualified teaching staff; our classrooms enable children to be active participants in their learning—engaging critical thinking skills, reaching developmental milestones, and acquiring knowledge “hands on.” The goal at the Suzy Fischer ECA is to provide children with the tools to teach them how to learn and establish meaningful, long-lasting relationships.

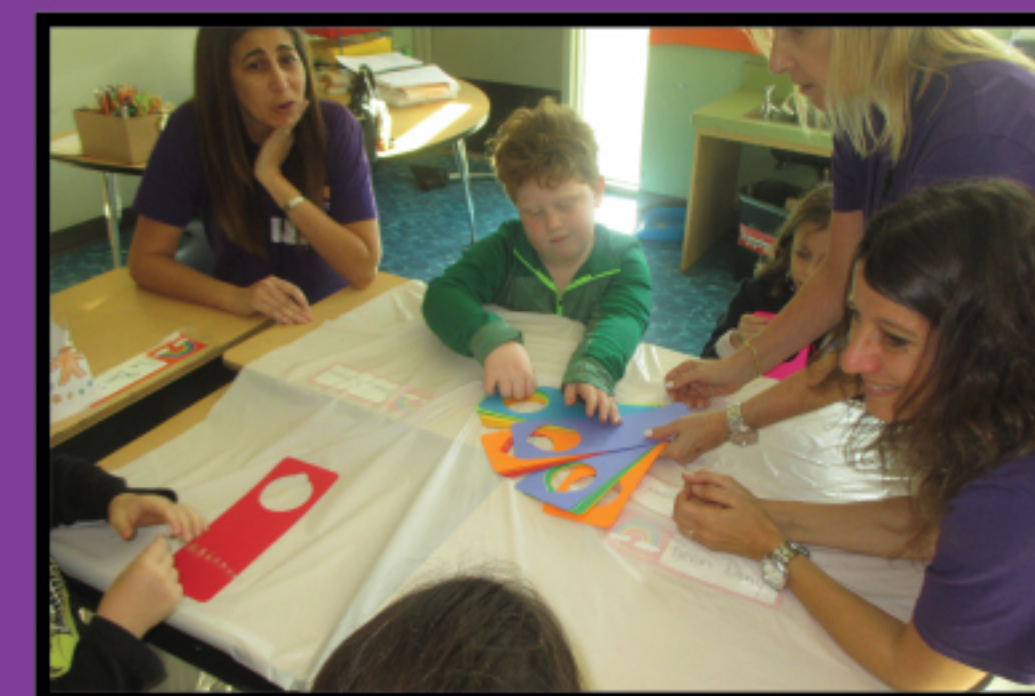

BETH TORAH  
SCHECK FAMILY  
RELIGIOUS SCHOOL

A FREE RELIGIOUS SCHOOL ( included with Membership)

Motivated by the beauty that Judaism has to offer, engaging activities, social action projects and active participation of young minds and talent, children and families are exposed to memorable learning experiences. We are proud to announce that this tremendous opportunity would not be available without the generosity of our “Visionaries” and the Sponsors of Religious School Events.

In partnership with Miami Dade County Public Schools Marvin and Susan Tuchklaper Family dedicated to Jewish Education Of Future Generations

Beth Torah is introducing an innovative Jewish After School Hebrew Program geared to students in public schools. Its curriculum reflects all components of Jewish learning experiences, delivered in an after school format. The program is offered in selected Public Schools in the area. The Chai Club aspires to continue growing while educating Jewish children in the area.

J2M, or “Journey to Mitzvot”, is a special program that is unique to Beth Torah. Designed to enhance the Bar or Bat Mitzvah experience, J2M is a chance for the entire family to participate together in learning about the process of becoming a Bar or Bat Mitzvah. Activities include everything from making your own Tallit to learning with our Clergy in an intimate setting that encourages questions and participation. The J2M program has generated tremendous excitement and the families that have participated have all come away with treasurable memories that have enhanced the Bar and Bat Mitzvah milestone.

Through the Kettler & Levy Family Youth Connection, Beth Torah offers multiple youth programs. Kadima, is for Middle School and meets every 1st and 3rd Tuesday of the month. Movie nights, Olympic competitions, and laser tag are only a few of the exciting events that the students in our Jewish community have the opportunity to participate in. Our older division, USY, is for high school students between 15 and 18 years old who meet once a week on Wednesday nights. Many of our USYers are extremely active sub regionally and regionally and consider USY part of their family, becoming more than a youth group but a second home.

Shirley Schreiber Family Camp Simcha offers children the opportunity to build fun, positive relationships with their peers and counselors by allowing them to be campers for summer, but friends forever. Our camp program is designed to enhance your child’s extracurricular activities and Judaic values by providing them with activities, such as: dance, science, karate, swimming, art, and Shabbat. Campers also partake in fun and exciting field trips, live shows, theme days, and much more! We offer multiple programs for children from toddlers to seven years old tailored to the developmental needs of your young child.
