Dear Parents,  
Shalom,

I would like to take this opportunity to extend a warm welcome to Chai Club. Our After School Hebrew Program team looks forward to an exciting educational journey and a rich experience that includes a "home/school" connection.

Our goal is to provide a program of excellence in a safe, loving, and nurturing environment where your child will blossom.

We hope this handbook is helpful in addressing questions about supplementary Jewish education in our Beth Torah Family

We thank you for entrusting us with your children!

Looking forward to a year of new learning experiences to treasure in our hearts new discoveries, learning and growth,

Sincerely,

**Dr. Gaby Rascovsky**

Lifelong Learning Director

## Philosophy

We see our task as empowering children to live more meaningful Jewish lives. We believe that all exposure to education in formal and informal settings, and in conjunction with the family and home, should create positive Jewish memories and meaningful Jewish experiences for children.

## Goals

- Chai Club Hebrew After School Program (operated by Beth Torah Benny Rok Campus) strives to provide top quality Jewish after School education that helps our children develop positive attitudes towards their Judaism and gives them a sense of commitment to their tradition and heritage.
- At the end of the educational process, students should be able to feel connected to “Klal Israel “(Jewish People), American Society and the State of Israel as entities that require their love and commitment.
- Through formal and informal activities, it is our goal that students will create their own social Jewish network that will enable them to widen their existent social network from school.
- Culturally we strive to infuse art, music, celebration, food, and terminology that are common in Jewish Culture.

These Jewish memories will last a lifetime and bring Judaism to the next generation.

## Non- Discrimination Policy

Chai Club does not discriminate based on race, color, creed, religion, sex, national origin, citizenship status, marital status, disability or any other protected status.

## Our Staff

Our nurturing staff promotes an environment that encourages to seamlessly transition from home to school- After School.

Our teachers are certified by the Center of Advancement of Jewish Education (CAJE) or by the State of Florida, and/or have credentials, and degrees, training in Jewish education. All staff members participate in continuous education for professional advancement in order to remain current in the field of Jewish education.

All staff undergo screening and background checks in compliance with DCF regulations.

We are proud to employ teachers who are native Hebrew speakers, and or fluent in other languages and who can ease the transition into school.

## Policy for Student Placement

The Chai Club weekday classes will be assigned at the discretion of the Director. Please contact the Chai club administration if special circumstances exist.

We take many factors into consideration. We strive to create classroom communities that promote the growth and development of each child. When assigning children to a specific classroom, the Administration considers the following: CDC guidelines, recommendations of the current classroom teacher (if applicable), class size, child to teacher and boy- girl ratios, birth date, social/ emotional/ cognitive development, and cultural diversity.

We are committed to provide the best Jewish after school learning experiences for each space.

**We value your opinion and will work with you and or with your concerns.**

## Curriculum

The curriculum is designed to impact learners intellectually and emotionally as Jewish children of the world, in Jewish ways and with Jewish flavors.

All activities are geared to positively impact body, mind and soul of the participant while embracing universal and Jewish values.

### CURRICULUM PILLARS

- Hebrew language
- Judaic Studies: Torah weekly portion, Jewish holidays, traditions and observances
- Israel studies
- Jewish culture through music, movement, art and culinary activities

Students who have progressed through the Chai Club from Kindergarten through Fifth Grade can expect to gain familiarity and knowledge in Hebrew, Israel, Jewish holidays, traditions, prayers, and culture as the legacy of the Jewish people.

## Curriculum in practice

The curriculum is delivered in hands-on and experiential ways.

We do so through:

- Hebrew teaching as the fundamental milestone that connects the Jewish people to its past, present and future. Hebrew sits at the core of our instruction as the main connector to our heritage, identity and to the Jewish People. Students begin Hebrew instruction in Kindergarten

by learning to decode the Aleph Bet and progress through the elementary school years to gain fluency in reading and basic writing skills. Modern technology plays a major role to reinforce Hebrew skills

- Torah study, weekly portion. In Chai Club we expand our students' Jewish textual learning by delving deeper into Torah Study and including texts found throughout our tradition, inspiring our students to find their own voices in our eternal conversation.
- Israel connection studies to instill and develop the love of our Jewish Homeland. Students are exposed to Israel studies, connections and actuality while developing an emotional and intellectual attachment with our homeland, the land of our ancestors.
- Jewish holidays and traditions to preserve the continuity of the Jewish people. Students in grade K-5 are exposed to experiential learning about holidays and traditions.
- Jewish culture tasting to experience the flavors of the Jewish legacy. **Music** is an integral part of Judaism. In music classes, students learn the traditional songs for the Jewish holidays, blessings and prayers. **Arts** and crafts: our students get acquainted with Jewish art in its many creative expressions. We strive to give our students many opportunities to express their feelings and connections to Judaism, ritual objects and to Israel through art enrichment, music, literature and arts and crafts.
- Shabbat experience that sums up every week with the celebration of the creation of the world, its prayers, melodies and customs

## Family engagement programs

"Family" plays an important role in the club. The Chai Club - After School Hebrew Program integrates its families as our partners in Jewish education. As such, during the year every grade level multiple has opportunities to engage with their families in experiential programs to enhance the journey, as well as to bond with the community, clergy and staff.

Our program will provide your child with many early learning experiences and will bridge the gap between home education and Chai Club learning. Your child will blossom and develop socially, emotionally, and cognitively through our creative, "hands on" learning activities and sensory exploration.

## **Discipline Policy**

Our policy is to reinforce positive behavior, not negative behavior.

Teachers facilitate the development of self-control in children by using positive guidance techniques, such as modeling and encouraging expected behavior, redirecting children to more acceptable activity and setting clear limits. Teachers' expectations match and respect children's developing capabilities in order to elevate interpersonal problems.

Children are provided many opportunities to develop social skills, such as cooperating, helping, negotiating and talking with the person involved to solve interpersonal problems. Teachers facilitate the development of these positive social skills at all times.

We do not believe in punishment, but rather in modeling and redirecting children's behavior. The following policy applies to all Chai Club:

Every child is entitled to a safe, peaceful environment in which they are assured the opportunity to learn and thrive. Any individual who disrupts this environment infringes upon the rights of other students and is in violation of the following discipline code:

## **Classroom Rules**

1. All students will come to class on time, prepared.
2. Students will show respect for peers and teachers, their person and their possessions and for school property.

5. No food or gum may be brought into the Chai CLUB classroom (unless it is part of a planned class activity).

## Discipline Procedures

Both staff and students will be treated with respect at Chai Club. Students are expected to be courteous to their teachers and fellow students and follow the classroom rules. The philosophy of the program is based on respect being shown at all. Chai Club will resolve discipline problems using the following order of steps:

### Disruptive behavior in class will result in

1. Warning
2. Parent contact
3. Parent/ teacher conference
4. Parent/ teacher/director conference
5. Parent/ director/teacher/Rabbi conference
6. Suspension
7. Expulsion

Chai Club reserves the right in its sole discretion to dismiss a child from the program immediately.
