Dear Parents,
Shalom,

I would like to take this opportunity to extend a warm welcome to the Scheck Family Religious School at Beth Torah Benny Rok Campus. Our Scheck Family Religious School team looks forward to an exciting educational journey and a rich experience that includes a "home/school" connection.

Our goal is to provide a program of excellence in a safe, loving, and nurturing environment where your child will blossom.

We hope this handbook is helpful in addressing questions about supplementary Jewish education in our Beth Torah Family

We thank you for entrusting us with your children!

Looking forward to a year of new learning experiences to treasure in our hearts new discoveries, learning and growth,

Sincerely,

Dr. Gaby Rascovsky

Lifelong Learning Director

Philosophy

- Beth Torah strives to help our children develop positive attitudes toward their Judaism, to give them a sense of commitment to their tradition and to the practices of American Conservative Judaism.
- Our school wants to work with your entire family. We see our task as empowering you to help your children live more meaningful Jewish lives.
- We believe that both school and home should create positive Jewish memories and meaningful Jewish experiences for your children and by working together, our school is better able to provide those experiences which will positively affect your child's life.
- Through cooperation, family supporting school and school supporting family, we can teach our children that Jewish living is an important part of all of our lives, and that we want Jewish values to be an important part of theirs as well.
- Ours is not only a school; it is a congregation and, as such, we are interested in the entire family. We care about you and try to be sensitive to your needs and desires. We encourage your involvement and your feedback. We need your constant support in this important and holy task.

Goals

- At the end of their Jewish education, students should be able to enter any synagogue and participate in the services and understand and read the prayers. Our hope is that students will begin the curriculum in Kindergarten and remain in school through its completion. Becoming a Bar/Bat Mitzvah does not mark the conclusion of one's studies, rather it indicates acceptance of the adult responsibility of continued study. Talmud Torah, the study of Torah, is a goal that we hope our students will begin here at Beth Torah and continue throughout their lives.
- Students should be able at the end of their educational process to feel connected to "Klal Israel "(Jewish People), American Society and the State of Israel as entities that require their love and commitment.
- It is our goal that through activities, students will create their own social Jewish network that will enable them to widen their existent social network from school.
- Culturally we strive to infuse art, music, celebration, food, and terminology that are common in Jewish Culture.

We encourage you to take the time to attend the above-described events with your child- and know that parents are always welcomed to attend Shabbat with their children. The best way to instill the love of Judaism in your child, is to do Jewish things with your child that they will enjoy. These Jewish memories will last a lifetime and bring Judaism to the next generation.

Non- Discrimination Policy

Scheck Family Religious School does not discriminate based on race, color, creed, religion, sex, national origin, citizenship status, marital status, disability, or any other protected status.

Policy for Student Placement

The Religious School weekday classes will be assigned at the discretion of the Director. Please contact the school administration if special circumstances exist.

We take many factors into consideration. We strive to create classroom communities that promote the growth and development of each child. When assigning children to a specific classroom, the Administration considers the following: recommendations of the current classroom teacher, class size, child to teacher and boy- girl ratios, birth date, social/ emotional/ cognitive development, and cultural diversity.

We are committed to provide the best learning experiences for each space. **We value your opinion and will work with you and or with your concerns.**

Curriculum

At our Scheck Family Religious School, we teach our children to understand and revere the wisdom in our heritage, letting it shape the children's hearts, minds, morals, and values. We strive to develop positive attitudes toward their Judaism, to give them a sense of commitment to their tradition, Ahavat Eretz Israel and to the practices of American Conservative Judaism. Our school boasts children as young as Kindergarten through Bar/Bat Mitzvah.

Our students learn everything from Hebrew reading and Jewish Holidays to Bar and Bat Mitzvah preparation with a curriculum specially designed to be age appropriate. We are proud to have the Beth Torah clergy playing an integral role in the school, enriching our children's spiritual and educational experiences with more than 80 years of combined Rabbinical and Cantorial knowledge.

The curriculum is designed to integrate the family in the learning process while providing meaningful learning opportunities to the individual students and to the families as a collective.

Our curriculum is guided by seven pillars of Jewish education:

- **Hebrew language**

Hebrew sits at the core of our instruction as the main connector to our heritage, identity and to the Jewish People. Students begin Hebrew instruction in Kindergarten by learning to decode the Aleph Bet and progress through the elementary school years to gain fluency in reading and basic writing skills. Modern technology plays a major role to reinforce Hebrew skills aimed toward prayers and liturgy to enhance the B'nai Mitzvah experience.

- **Jewish Traditions**

Students in grade K-6 are exposed to experiential learning about holidays and traditions.

- **Jewish Values**

The Scheck Family Religious School is highly committed to Tikkun Olam on an individual and collective basis. Each grade level is responsible for an exciting Tikkun Olam Project. These activities are integrated with the different arms of the synagogue such as the Social Action Volunteers, Sisterhood, Men's club or other committees.

- **Torah Study**

In the Religious School we expand our students' Jewish textual learning by delving deeper into Torah Study and including texts found throughout our tradition, inspiring our students to find their own voices in our eternal conversation.

- **Israel**

Students are exposed to Israel studies, connections and actuality while developing an emotional and intellectual attachment with our homeland, the land of our ancestors.

- **Music & Arts**

Music is an integral part of Judaism. In music classes with Cantor G, students learn the traditional songs for the Jewish holidays, blessings and prayers.

Arts and crafts are integrated in class by the homeroom teacher. Our students get acquainted with Jewish art in its many creative expressions. We strive to give our students many opportunities to express their feelings and connections to Judaism, ritual objects and to Israel through art enrichment, music, literature and arts and crafts.

- **T'filah**

The prayer curriculum focuses on Friday Night service and Shabbat morning while including prayers and rituals to the corresponding Jewish holidays.

Shabbat and Celebrations at School

We enjoy celebrating all holidays and milestones with you in school.

Family engagement programs

“Family” plays an important role in the school. The Scheck Family Religious School integrates its families as our partners in Jewish education. As such, during the year every grade level multiple has opportunities to engage with their families in experiential programs to enhance the journey, as well as to bond with the community, clergy and staff.

Our program will provide your child with many early learning experiences and will bridge the gap between home and school. Your child will blossom and develop socially, emotionally, and cognitively through our creative, “hands on” learning activities and sensory exploration.

Dress Code Policies

SCHOOL/SYNAGOGUE ATTIRE

During the week, we request that students come to school neatly attired. No t-shirts with offensive wording, tank tops, tube tops, short-shorts, or baseball caps.

Make sure students wear a clean shirt. Run

Teachers facilitate the development of self-control in children by using positive guidance techniques, such as modeling and encouraging expected behavior, redirecting children to more acceptable activity and setting clear limits. Teachers' expectations match and respect children's developing capabilities to elevate interpersonal problems.

Children are provided many opportunities to develop social skills, such as cooperating, helping, negotiating, and talking with the person involved to solve interpersonal problems. Teachers always facilitate the development of these positive social skills.

We do not believe in punishment, but rather in modeling and redirecting children's behavior.

The following policy applies to all the Scheck Family Religious School:
